Questions and Answers about the Annual Meeting of Stockholders

Why am I receiving these materials?

The board of directors of Manas Petroleum Corporation (“we”, “us” or “our”) is soliciting proxies for use at the annual meeting of stockholders to be held on **Thursday, February 20, 2014**, at 10 a.m., local time, at the Hotel Sedartis, Bahnhofstrasse 16, 8800 Thalwil, Switzerland or at any adjournment of the annual meeting. These materials were first sent or given to our stockholders on or about January 9, 2014.

What is included in these materials?

These materials include:

- the notice of the annual meeting of stockholders;
- this proxy statement for the annual meeting of stockholders;
- the proxy card; and
- our annual report on Form 10-K for the year ended December 31, 2012, as filed with the Securities and Exchange Commission on March 28, 2013.

**Important Notice Regarding the Availability of Proxy Materials
for the Stockholder Meeting to be Held on February 20, 2014**

Above materials are also available at <http://www.manaspetroleum.com/s/AGM.asp>.

The annual report on Form 10-K accompanies this proxy statement, but does not constitute a part of the proxy soliciting material.

What items will be voted at the annual meeting?

Our stockholders will vote on:

- the election of directors;
- the ratification of appointment of our independent registered public accounting firm; and
- the approval of the amendment to our 2011 stock option plan.

What do I need to do now?

We urge you to carefully read and consider the information contained in this proxy statement. We request that you cast your vote on each of the proposals described in this proxy statement. You are invited to attend the annual meeting, but you do not need to attend the annual meeting in person to vote your shares. Even if you do not plan to attend the annual meeting, please vote by proxy by following instructions provided in the proxy card.

Who can vote at the annual meeting?

Our board of directors has fixed the close of business on December 24, 2013 as the record date for the determination of the stockholders entitled to notice of, and to vote at, the annual meeting or any adjournment. If you were a stockholder of record on the record date, you are entitled to vote at the annual meeting.

As of the record date, 172,592,292 shares of our common stock were issued and outstanding and, therefore, a total of 172,592,292 votes are entitled to be cast at the annual meeting.

How many votes do I have?

On each proposal to be voted upon, you have one vote for each share of our common stock that you owned on the record date. There is no cumulative voting.

How do I vote my shares?

If you are a stockholder of record, you may vote in person at the annual meeting or by proxy.

- To vote in person, come to the annual meeting, and we will give you a ballot when you arrive.
- If you do not wish to vote in person or if you will not be attending the annual meeting, you may vote by proxy by mail, by telephone or via the Internet by following instructions provided in the proxy card.

If you hold your shares in “street name” and:

- you wish to vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other nominee that holds your shares giving you the right to vote the shares at the annual meeting.
- you do not wish to vote in person or you will not be attending the annual meeting, you must vote your shares in the manner prescribed by your broker, bank or other nominee. Your broker, bank or other nominee should have enclosed or otherwise provided a voting instruction card for you to use in directing the broker, bank or nominee how to vote your shares.

What is the difference between a stockholder of record and a “street name” holder?

If your shares are registered directly in your name with our transfer agent, Island Stock Transfer, then you are a stockholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank, or other nominee, then the broker, bank, or other nominee is the stockholder of record with respect to those shares. However, you still are the beneficial owner of those shares, and your shares are said to be held in “street name.” Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, or other nominee how to vote their shares. Street name holders are also invited to attend the annual meeting.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it means that you hold shares registered in more than one name or in different accounts. To ensure that all of your shares are voted, please vote by proxy by following instructions provided in each proxy card. If some of your shares are held in “street name,” you should have received voting instruction with these materials from your broker, bank or other nominee. Please follow the voting instruction provided to ensure that your vote is counted.

What vote is required for the election of directors or for the approval of a proposal?

Our directors are elected by a majority of the votes cast. This means that the nominees who receive more “For” votes than “Against” votes will be elected as directors. There is no cumulative voting in the election of directors.

All other proposals require the affirmative vote of a majority of the shares represented at the annual meeting and entitled to vote on any matter (which shares voting affirmatively also constitute at least a majority of the required quorum). Therefore, for the other proposals to be approved, each proposal must receive more “For” votes than the combined votes of “Against” votes and votes that are abstained.

How are votes counted?

For the election of directors, you may vote “For”, “Against”, or “Abstain” for each nominee for the directors. Votes that are abstained and broker non-votes will have no effect on the outcome of the vote on the election of directors.

For the ratification of the appointment of the independent registered public accounting firm and the approval of the amendment to our 2011 stock option plan, you may vote “For”, “Against”, or “Abstain” for the proposal. Votes that are abstained will have the same effect as “Against” votes. Broker non-votes will have no effect on the outcome of the vote on this proposal.

A “broker non-vote” occurs when a broker, bank, or other nominee holding shares for a beneficial owner in street name does not vote on a particular proposal because it does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner of those shares, despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions.

What happens if I do not make specific voting choices?

If you are a stockholder of record and you submit your proxy without specifying how you want to vote your shares, then the proxy holder will vote your shares in the manner recommended by our board of directors on all proposals.

If you hold your shares in the street name and you do not give instructions to your broker, bank or other nominee to vote your shares, under the rules that govern brokers, banks, and other nominees who are the stockholders of record of the shares held in street name, it generally has the discretion to vote uninstructed shares on routine matters but have no discretion to vote them on non-routine matters.

What is the quorum requirement?

A quorum of stockholders is necessary for the transaction of business at the annual meeting. Stockholders holding at least 10% of the shares entitled to vote, represented in person or by proxy, constitute a quorum at the annual meeting. Your shares will be counted towards the quorum requirement only if you or the registered holder of your shares, properly vote by proxy or present in person at the annual meeting. Votes that are abstained and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the annual meeting may be adjourned by the vote of a majority of the shares represented either in person or by proxy.

How does the board of directors recommend that I vote?

Our board of directors recommends that you vote your shares:

- “For” the election of all nominees for directors;
- “For” the ratification of the appointment of the independent registered public accounting firm; and
- “For” the approval of the amendment to our 2011 stock option plan.

Can I change my vote after submitting my proxy?

Yes. You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. If you are a stockholder of record, you may vote again on a later date via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted), by signing and returning a new proxy card with a later date, or by attending the annual meeting and voting in person. **Your attendance at the annual meeting will not automatically revoke your proxy unless you vote again at the annual meeting or specifically request in writing that your prior proxy be revoked.** You may also request that your prior proxy be revoked by delivering us at Manas Petroleum Corporation, Bahnhofstrasse 9, P.O. Box 155, CH-6341 Baar, Switzerland, Attention: Tatjana Rosenast a written notice of revocation prior to the annual meeting.

If you hold your shares in the street name, you will need to follow the voting instruction provided by your broker, bank or other nominee regarding how to revoke or change your vote.

How can I attend the annual meeting?

You may call us at +41-44-718 10 30 if you want to obtain information or directions to be able to attend the annual meeting and vote in person.

You may be asked to present valid picture identification, such as a driver's license or passport, before being admitted to the annual meeting. If you hold your shares in street name, you also will need proof of ownership to be admitted to the annual meeting. A recent brokerage statement or letter from your broker, bank or other nominee is an example of proof of ownership.

Who pays for the cost of proxy preparation and solicitation?

We pay for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of brokers, banks or other nominees for forwarding proxy materials to street name holders.

We are soliciting proxies primarily by mail. In addition, our directors, officers and regular employees may solicit proxies by telephone, facsimile, mail, other means of communication or personally. These individuals will receive no additional compensation for such services.

We will ask brokers, banks, and other nominees to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. We will reimburse them for their reasonable expenses.

On October 9, 2007, the British Columbia Securities Commission of Canada issued a cease trade order against our company in British Columbia, Canada pursuant to section 164(1) of the *Securities Act* (British Columbia). At the time of the order, we were not a reporting issuer in British Columbia, Canada and had our securities quoted on the OTC Bulletin Board. We distributed securities to residents of British Columbia and failed to file a Report of Exempt Distribution with the British Columbia Securities Commission according to National Instrument 45-106. As a result, the British Columbia Securities Commission ordered that trading in our securities cease in British Columbia until the order was revoked. We filed the Report of Exempt Distribution and on April 1, 2008, the British Columbia Securities Commission partially revoked the cease trade order to permit trading in our securities except by certain offshore entities. The British Columbia Securities Commission left the order in effect with respect to those offshore entities because it was unable to determine the beneficial ownership of the shares registered in the name of those entities.

Corporate Governance

Meetings

During the year ended December 31, 2012, our board of directors held 4 meetings. During the year ended December 31, 2012, no directors of our company attended fewer than 75% of the total number of the meetings of our board of directors and committees of the board of directors held during the year ended December 31, 2012.

We encourage all incumbent directors and nominees for election as director to attend our meeting of stockholders. All of our incumbent directors attended our annual and special meeting of stockholders held on November 8, 2012.

Committees of the Board of Directors

Our board of directors has the authority to appoint committees to perform certain management and administration functions. Currently, we have an audit committee, a corporate governance and compensation committee and a reserves committee, but we do not have a nominating committee or an audit committee financial expert.

Nominating Committee

We do not have a nominating committee. Our board of directors performed the functions associated with a nominating committee. Generally, nominees for directors are identified and suggested by the members of our board of directors or management using their business networks and all of our director nominees were nominated for a seat on the board of directors based on prior service as directors to our company. Our board of directors has not retained any executive search firms or other third parties to identify or evaluate director candidates in the past and does not intend to in the near future. We have elected not to have a nominating committee because we are an exploration stage company with limited operations and resources.

Our board of directors does not have a written policy or charter regarding how director candidates are evaluated or nominated for our board of directors. Additionally, our board of directors has not created particular qualifications or minimum standards that candidates for our board of directors must meet. Instead, our board of directors considers how a candidate could contribute to our business and meet our needs and those of our board of directors. As we are an exploration stage company, our board of directors will not consider candidates for director recommended by our stockholders, and we have received no such candidate recommendations from our stockholders.

Corporate Governance and Compensation Committee

Effective March 25, 2013, our board of directors established a corporate governance and compensation committee consisting of Darcy W. Spady, Heinz J. Scholz and Michael J. Velletta. Darcy W. Spady is the chair of the corporate governance and compensation committee. Our corporate governance and compensation committee assists our board of directors in fulfilling its compensation responsibilities by reviewing all forms of compensation provided to our executive officers, directors, consultants and employees including stock compensation.

Reserves Committee

Effective March 25, 2013, our board of directors established a reserves committee consisting of Dr. Werner Ladwein and Darcy W. Spady. Darcy W. Spady is the chair of the reserves committee. Our reserves committee assists our board of directors with respect to the potential reserves, if any, of our oil and gas property interests.

Audit Committee

Effective December 20, 2010, our board of directors established an audit committee. The audit committee currently consists of Michael J. Velletta and Dr. Richard Schenz. Michael J. Velletta is the chair of the audit committee. Our audit committee assists our board of directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by our company to regulatory authorities and stockholders, our systems of internal controls regarding finance and accounting and our auditing, accounting and

financial reporting processes. Our audit committee's primary duties and responsibilities are to: serve as an independent and objective party to monitor our financial reporting and internal control system and review our financial statements; review and appraise the performance of our external auditor; and provide an open avenue of communication among our auditor, financial and senior management and our board of directors.

The audit committee fulfills these responsibilities primarily by carrying out the activities enumerated in the audit committee charter adopted by our board of directors on January 27, 2011. The audit committee charter is attached to this proxy statement as Schedule "B".

Audit Committee Financial Expert

Our board of directors has determined that it does not have a member that qualifies as an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K issued by the United States Securities and Exchange Commission.

We believe that our entire audit committee is capable of analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues reasonably expected to be raised by our company. We believe that retaining an independent director who would qualify as an "audit committee financial expert" would be overly costly and burdensome and is not warranted in our circumstances given the early stages of our development and the fact that we have not generated operating revenues to date.

Audit Committee Report

Our audit committee oversees our financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal accounting controls.

Our audit committee has reviewed and discussed the audited financial statements for the year ended December 31, 2012 with management.

Our audit committee has discussed with BDO Visura International AG, our independent registered public accounting firm for the year ended December 31, 2012, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380) as adopted by the Public Accounting Oversight Board in Rule 3200T.

Our audit committee has received written disclosures and the letter from BDO Visura International AG required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees) as adopted the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with BDO Visura International AG its independence.

Based on the reviews and discussions referred to above, our audit committee recommended to our board of directors that the audited financial statements referred to above to be included in our annual report on Form 10-K for the year ended December 31, 2012 for filing with the Securities and Exchange Commission.

The material in this report is not "soliciting material," is not deemed "filed" with the Securities and Exchange Commission and is not to be incorporated by reference in any filing of our company under the Securities Act of 1933 or the Securities Exchange Act of 1934 whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Director Independence

Our common stock is quoted on the over-the-counter market operated by Pink OTC Markets Inc., which do not impose any director independence requirements. We are also listed on the TSX Venture Exchange which imposes director independence requirements. Under NASDAQ rule 5605(a)(2), and the TSX Venture Exchange Corporate Finance Policy, a director is not independent if he or she is also an executive officer or employee of the corporation. Using this definition of independent director, we only have two independent directors, Dr. Richard Schenz and Darcy W. Spady.

Board Leadership Structure

The positions of our principal executive officer and the chairman of our board of directors are served by two individuals. Heinz J. Scholz is our current Executive Director and the chairman of our board of directors. Dr. Werner Ladwein is our Chief Executive Officer and President. Because of the separation of those functions to two individuals, we have determined that the leadership structure of our board of directors is appropriate, especially given that we are an exploration stage company with limited operations and resources.

Our board of directors provides oversight of our risk exposure by receiving periodic reports from senior management regarding matters relating to financial, operational, legal and strategic risks and mitigation strategies for such risks.

Stockholder Communications with Our Board of Directors

We welcome comments and questions from our stockholders. Our stockholders can direct communications to the chairman of our board of directors, Heinz J. Scholz, at Manas Petroleum Corporation, Bahnhofstrasse 9, P.O. Box 155, CH-6341 Baar, Switzerland. While we appreciate all comments and questions from our stockholders, we may not be able to individually respond to all communications.

Heinz J. Scholz collects and evaluates all stockholder communications. If the communication is directed to our board of directors generally or to a specific board member, Mr. Scholz will disseminate the communication to the appropriate party at the next scheduled board meeting unless he decides that the communication requires a more urgent response. In that case, Mr. Scholz will direct the communication to the appropriate party prior to the next scheduled board meeting. If the communication is addressed to an executive officer, Mr. Scholz will direct that communication to the executive officer. All communications addressed to our directors and executive officers are reviewed by those parties unless the communication is clearly frivolous.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the *Securities Exchange Act of 1934* requires our executive officers and directors, and persons who own more than 10% of our common stock, to file initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership of our common stock and other equity securities with the Securities and Exchange Commission and to provide us with copies of those filings. Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons, we believe that during year ended December 31, 2012 all filing requirements applicable to our executive officers and directors, and persons who own more than 10% of our common stock were complied with, with the exception of the following:

Compensation for Executive Officers and Directors

Compensation arrangements for our named executive officers and directors are described below. Also, under our 2007 revised omnibus plan, our board of directors may grant our qualified directors, officers, employees, consultants and advisors stock options (which may be designated as nonqualified stock options or incentive stock options), stock appreciation rights, restricted stock awards, performance awards or other forms of stock-based incentive awards, up to a maximum of 20,000,000 shares. In addition, under our 2011 stock option plan, our board of directors may grant directors, officers, employees or consultants of our company or our subsidiaries stock options to acquire up to a maximum of 10% of the number of the issued and outstanding shares of our common stock at the time of the grant. See "Proposal 3 Approval of Amendment to the 2011 Stock Option Plan" for the information about fixing the number of shares of common stock available under the 2011 stock option plan to 34,500,000.

We maintain Swiss defined benefit plans for our employees, of which three are executive officers. The plan is part of an independent collective fund which provides pensions combined with life and disability insurance. The assets of the funded plan are held independently of our assets in a legally distinct and independent collective trust fund which serves various unrelated employers. The fund's benefit obligations are fully reinsured by AXA Winterthur Insurance Company and Baloise Holding Ltd. Except for our Swiss defined benefit plans for our employees, there is no plan that provides for the payment of retirement benefits, or benefits that will be paid primarily following retirement, including but not limited to tax-qualified defined benefit plans, supplemental executive retirement plans, tax-qualified defined contribution plans and nonqualified defined contribution plans.

The descriptions of the material terms of each contract, agreement, plan or arrangement, whether written or unwritten, that provides for payments to a named executive officer or director at, following, or in connection with the resignation, retirement or other termination of a named executive officer or director, or a change in control of our company or a change in the named executive officer's or director's responsibilities following a change in control, with respect to each named executive officer or director are provided below.

Compensation for Dr. Werner Ladwein

As of September 16, 2010, we entered into an agreement with Dr. Werner Ladwein, pursuant to which Dr. Ladwein agreed to act as a director of our company. On September 22, 2011, we granted upon approval by the annual and special meeting and accepted by the TSX Venture Exchange Dr. Ladwein 2,000,000 shares of our common stock in part as remuneration for valuable services he has already provided to our company and in part as an incentive for him to continue to provide us with his services. On September 22, 2011 we also granted Dr. Ladwein stock options to purchase 1,000,000 shares of our common stock at an exercise price of \$0.215 per share until September 22, 2021. In addition, we provide Dr. Ladwein with housing and a car as long as he resides in Switzerland.

If we terminate Dr. Ladwein without cause or Dr. Ladwein resigns as a result of our breach of any provision of the employment agreement, or a material change in his duties, we must make certain payments in addition to the payment of all compensation accrued through the effective date of resignation and reimbursement for all expenses incurred before the termination. Under such circumstances, we must pay him in a lump sum equal to three months of his annual guaranteed salary in effect on the date of termination. In addition, all options granted to him would

The share exchange agreement also requires us to issue an aggregate of up to an additional 500,000 shares of our common stock over time to the former shareholders of DWM Petroleum AG for every 50 million barrels of P50 oil reserves net to us from exploration in the Kyrgyz Republic, Albania and Tajikistan up to a maximum of 2.5 billion barrels of P50 oil reserves. At our option, this obligation can be extended to additional properties that are acquired through the actions of the shareholders of DWM Petroleum AG. The following table shows the number of shares of our common stock to be received by our current or former officers, directors, and beneficial holders of more than 5% of our common stock, or entities affiliated with them.

Name	Number of Shares of Our Common Stock to be Received
Alexander Becker	118,817
Heinz J. Scholz	150,634
Peter-Mark Vogel	113,550
Michael J. Velletta	12,500

On September 26, 2010, we entered into a share placement/purchase agreement with Alexander Becker, a holder of approximately 14,290,493 shares of our common stock at the time. Mr. Becker has expressed an interest in selling all of his shares of our common stock to a third party or back to our company. The share placement/purchase agreement provided that in the event any of Mr. Becker's shares of our common stock are not placed with buyers within 6 months from September 26, 2010, we would be obligated to purchase such shares from Mr. Becker. As of February 17, 2011 all remaining shares of Mr. Becker have been placed with third party investors. Our exposure resulting from the share placement/purchase agreement with Mr. Becker, therefore, is nil.

In March 2011, our executive officers and directors entered into lock-up agreements with our company and Raymond James Ltd. whereby such executive officers and directors agreed not to sell, assign, convey or otherwise dispose of any of shares of our common stock beneficially owned, directly or indirectly, by them until 120 days after May 6, 2011, the closing date of our public offering in which we sold a total of 44,450,500 units at a price of \$0.50 per unit for aggregate gross proceeds of \$22,225,250. In addition, on May 3, 2011 our executive officers and directors entered into an escrow agreement with respect to securities of our company held by them in order to list the shares of our common stock and common stock purchase warrants on the TSX Venture Exchange. These securities are subject to the following release schedule: 10% of the securities were released upon the date of issuance of the final exchange bulletin by the TSX Venture Exchange respecting the public offering of the units and listing on the TSX Venture Exchange (May 6, 2011) and an additional 15% of the securities are to be released every 6 months thereafter.

**Proposal 3
Approval of Amendment to the 2011 Stock Option Plan**

Our board of directors is asking our stockholders to approve the amendment to our 2011 stock option plan to change the number of the shares of our common stock to be offered under the stock option plan to up to 34,500,000 shares of our common stock.

The 2011 stock option plan currently permits our company to grant options to acquire up to a maximum of 10% of the number of issued and outstanding shares of our common stock at the time of the grant. Our board of directors wishes to amend the stock option plan so that our company can grant options to acquire up to 34,500,000 shares of our common stock.

The amendment to our 2011 stock option plan will become effective upon the later of (i) the date of the approval of the amendment by our stockholders and (ii) the date of the approval of the amendment by the TSX Venture Exchange.

As of December 30, 2013, our company has granted stock options to acquire an aggregate of up to 12,100,000 shares of our common stock, which represents approximately 7.01% of the issued and outstanding shares of our common stock as of December 30, 2013. As a result of the proposed amendment to the 2011 stock option plan, our company will be able to grant additional stock options to acquire an additional 22,400,000 shares of our common stock under the amended 2011 stock option plan.

Unless otherwise directed, the proxy holder will vote the proxies received by him for the approval of the amendment to our 2011 stock option plan.

Our board of directors recommends that you vote **FOR** the approval of the amendment to our 2011 stock option plan.

Description of Our Amended 2011 Stock Option Plan

The following is a summary of the material features of our 2011 stock option plan, assuming that the amendment that will be proposed at the annual meeting is effective. The full text of our amended 2011 stock option plan is attached to this proxy statement as Schedule "A".

Purpose

The purpose of our amended 2011 stock option plan is to advance the interests of our company by encouraging our directors, officers, employees and consultants to acquire shares of our common stock, thereby increasing their proprietary interest in our company, encouraging them to remain associated with our company and furnishing them with additional incentive in their efforts on behalf of our company in the conduct of their affairs.

Shares Subject to Our Amended 2011 Stock Option Plan

The shares of our common stock to be offered under our amended 2011 stock option plan are to consist of stock options to acquire up to 34,500,000 shares of our common stock. The aggregate number of shares of our common stock to be delivered upon the exercise of all stock options granted under our amended 2011 stock option plan is not to exceed the maximum number of shares of our common stock permitted under the rules of any stock exchange on which the shares of our common stock are then listed or other regulatory body having jurisdiction. If any stock option granted under our amended 2011 stock option plan expires or terminates without having been exercised in full, the unpurchased shares of our common stock will again be available for the purpose of our amended 2011 stock option plan.

Administration

Our amended 2011 stock option plan is to be administered by our board of directors or by a special committee of directors appointed by our board of directors. Our board of directors, or if appointed our special committee of directors may designate bona fide directors, officers, employees or consultants of our company or a subsidiary of our company, or a company that is wholly owned by a bona fide director, officer, employee or consultant of our company or a subsidiary of our company to whom stock options to purchase shares of our common stock may be granted and the number of shares of our common stock to be optioned to each, subject to the terms of our amended 2011 stock option plan.

As of December 30, 2013, we have 28 full time employees, including our directors and executive officers.. Although we do not expect to increase our number of employees over the next twelve months, we are not currently able to predict if new employees will be employed in the coming twelve months. We outsource contract employment as needed and will continue to do so.

Number of Optioned Shares

The number of shares of our common stock subject to stock options granted to an optionee, other than a consultant or an employee conducting investor relations activities, must be determined by our board of directors or by a special committee of our board of directors, if one has been appointed, but no optionee, where our company is listed on any stock exchange, must be granted stock options which cover a number of shares of our common stock which exceed the maximum number of shares permitted under any stock exchange on which shares of our common stock are then

listed or other regulatory body having jurisdiction, which maximum number of shares is presently an amount equal to 5% of the then issued and outstanding shares of our common stock (on a non-diluted basis) in any 12 month period unless our company receives disinterested shareholder approval.

The maximum number of shares of our common stock subject to stock options that may be granted to an optionee who is a consultant is presently limited to an amount equal to 2% of the then issued and outstanding shares of our common stock (on a non-diluted basis) in any 12 month period. The maximum number of shares of our common stock subject to stock options that may be granted to all persons in aggregate who are employed to perform investor relations activities is presently limited to an amount equal to 2% of the then issued and outstanding shares of our common stock (on a non-diluted basis) in any 12 month period and such stock options must vest in stages over a 12 month period with no more than 1/4 of the stock options vesting in any 3 month period. Other than the foregoing, our board of directors or our special committee of the board of directors, if one has been appointed, subject to the policies of the TSX Venture Exchange, may determine and impose terms upon which each stock option become vested.

Exercise Price

The exercise price of any stock options granted under our amended 2011 stock option plan must be determined by the our board of directors or a special committee of our board of directors, if one is appointed, but may not be less than the price permitted by any stock exchange on which shares of our common stock are then listed or other regulatory body having jurisdiction, which minimum exercise price is currently not less than the discounted market price as defined by the policies of the TSX Venture Exchange. In addition, the minimum exercise price of stock options granted to the optionees who are subject to tax in the United States must not be less than the fair market value of the shares covered by such stock options on the date the stock options are granted. The minimum exercise price of shares of our common stock covered by the stock options cannot be established unless the stock options are allocated to a particular optionee.

The exercise of any stock option is contingent upon our receipt of a written notice of exercise, accompanied by cash payment, certified cheque or bank draft for the full purchase price of shares of our common stock with respect to which the stock option is exercised.

Option Period

The term of any stock options granted under our amended 2011 stock option plan must be determined by our board of directors, or by a special committee of our board of directors, if one is appointed, at the time of grant but, subject to earlier termination in the event of cessation as a director, officer, employee or consultant or in the event of death. The term of any stock options granted under our amended 2011 stock option plan may not exceed the maximum period permitted by any stock exchange on which shares of our common stock are then listed or other regulatory body having jurisdiction, which maximum period is presently 10 years from the date of grant.

If an optionee who is a director, officer, employee or consultant of our company or a subsidiary of our company ceases to act in that capacity (for a reason other than death), the optionee may, but only within 90 days (30 days for an optionee who is engaged in investor relations activities on behalf of our company) after ceasing to be a director, officer, employee or consultant, exercise his stock options to the extent he was entitled to exercise them at the date of such cessation.

In the event of the death of an optionee, the stock options previously granted to him are exercisable only within 12 months next succeeding such death and then only by the person or persons to whom the optionee's rights under the stock options pass by the optionee's will or the laws of descent and distribution and if and to the extent that he was entitled to exercise the stock options at the date of his death.

Transferability

The stock options are not transferable or assignable unless specifically provided in our amended 2011 stock option plan. During the lifetime of an optionee, the stock options may only be exercised by the optionee.

Securities Regulation and Tax Withholding

The shares of our common stock will not be issued with respect to a stock option unless the exercise of such stock option and the issuance and delivery of such shares comply with applicable securities laws and the rules of any applicable stock exchange and stock quotation system. The optionee must pay us promptly upon exercise of a stock option or, if later, the date that the amount of such obligations becomes determinable, all applicable federal, state,

local and foreign withholding taxes resulting upon exercise of a stock option or otherwise related to a stock option or shares of our common stock acquired in connection with a stock option.

Amendment and Termination of Our Amended 2011 Stock Option Plan

Our board of directors, or a special committee of our board of directors, if one has been appointed, may at any time terminate our amended 2011 stock option plan. Our board of directors may, subject to such approvals as may be required under the rules of any stock exchange on which our common stock is then listed or other regulatory body having jurisdiction, also at any time may amend or revise the terms of our amended 2011 stock option plan, provided that no such amendment or revision alters the terms of any stock options theretofore granted under our amended 2011 stock option plan.

Necessary Approvals

The ability of the stock options to be exercised and the obligation of our company to issue and deliver shares in accordance with our amended 2011 stock option plan is subject to any approvals which may be required from our stockholders, any regulatory authority or stock exchange having jurisdiction over the securities of our company. So long as it remains a policy of the TSX Venture Exchange and shares of our common stock are listed on the TSX Venture Exchange, we must obtain disinterested stockholder approval for:

1. our amended 2011 stock option plan, together with all of our previously established and outstanding stock option plans or grants, that could result at any time in:
 - (a) the number of shares reserved for issuance under stock options granted to the optionee who is an insider of our company exceeding 10% of the issued shares;
 - (b) the grant to the optionees who are insiders of our company, within a 12 month period, of a number of options exceeding 10% of the issued shares; or
 - (c) the issuance to any one optionee, within a 12 month period, of a number of shares exceeding 5% of the issued shares; or
2. any reduction in the exercise price of the stock option if the optionee is an insider of our company at the time of the proposed amendment.

If any shares cannot be issued to the optionee for whatever reason, the obligation of our company to issue such shares must terminate and any stock option exercise price paid to our company should be returned to the optionee.

Federal Income Tax Consequences

The following discussion is intended to be only a general description of the tax consequences of our amended 2011 stock option plan under the provisions of U.S. federal income tax laws currently in effect and does not address any estate, gift, state, local or non-U.S. tax laws. U.S. federal income tax laws are subject to change at any time, possibly with retroactive effect. This summary is not exhaustive of all possible United States income tax consequences. It is not intended as legal or tax advice to any particular optionee and should not be so construed. The tax consequences to any particular optionee will vary according to the status of that optionee as an individual, trust, corporation or member of a partnership, the jurisdictions in which that optionee is subject to taxation and, generally, according to that optionee's particular circumstances. Each optionee should consult his or her own tax advisor with respect to the income tax consequences applicable to such optionee's own particular circumstances.

Stock options granted under the plan should not qualify as incentive stock options under U.S. tax law and as such should be taxed under the rules applicable to nonqualified stock options. For stock options with an exercise price that is not less than the stock's fair market value on the grant date the optionee should generally recognize income on the date the stock option is exercised or sold. The amount realized upon the exercise (typically the fair market value of the shares subject to the exercise minus the exercise price paid) or sale (cash or other value received in exchange for the stock option) will be treated as compensation income for service providers subject to U.S. income taxation. Such compensation income is subject to applicable withholding rules and is reportable to U.S. taxpayers and the Internal Revenue Service on a Form W-2 if the optionee received the stock option on account of services rendered as an employee or on a Form 1099-MISC if the stock option was received for services rendered as an independent contractor. Special rules may apply in certain situations, such as where the optionee and the service provider are not the same person. Therefore, each optionee should seek U.S. tax advice to determine the treatment of the transaction in his or her particular circumstances.

Compensation for services rendered by nonresident employees or nonresident independent contractors should not be subject to U.S. withholding and/or reporting, provided the services are performed by the optionee outside of the United States and the appropriate Form W-8 is submitted by the optionee to our company. However, if the services are provided by nonresident optionee within the United States, the compensation income attributable to such services should be subject to U.S. taxation, absent a treaty or other exemption. We intend to withhold U.S. tax on such income, unless the optionee provides an appropriate documentation on Form W-8 in support of the withholding tax exemption. Such income is intended to be reported by us to the Internal Revenue Service and to the optionee on Form W-2 and/or 1042 (as appropriate).

A subsequent sale of shares acquired from the exercise of a compensatory stock option should be treated for U.S. tax purposes as gain or loss on the disposition of a capital asset. The gain or loss on such sale will be the sales price less the amount paid to exercise the options plus the amount of income recognized upon exercise.

The following table summarizes certain information regarding our equity compensation plans as of December 31, 2012:

Total	15,950,000	\$0.39	10,653,910

* This amount only takes into account the 2011 stock option plan excluding the 2007 revised omnibus stock option plan and does not take into account the amendment to the stock option plan that will be proposed at the annual meeting.

Interest of Certain Persons in Matters to be Acted Upon

No director, executive officer, or nominee for election as a director of our company and no associate of any of the foregoing persons has any substantial interest, direct or indirect, by security holding or otherwise, in any matter to be acted upon at the annual meeting other than elections of directors and approval of the amendment to the 2011 stock option plan.

“Householding” of Proxy Materials

The Securities and Exchange Commission permits companies and intermediaries such as brokers to satisfy the delivery requirements for proxy statements or annual reports with respect to two or more stockholders sharing the same address by delivering a single copy of the proxy statement or annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as “householding”, potentially provides extra conveniences for stockholders and cost savings for companies.

Although we do not intend to household for our stockholders of record, some brokers household our proxy materials

and annual reports, delivering a single copy of proxy statement or annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate copy of proxy statement or annual report, or if you are receiving multiple copies of either document and wish to receive only one, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement or annual report at their address from their brokers and would like to request “householding” of their communications should contact their brokers.

Stockholder Proposals

Stockholder proposals to be considered for inclusion in the proxy statement and form of proxy relating to our next annual meeting of stockholders must be received no later than September 1, 2014. If we change the date of our next annual meeting of stockholders by more than 30 days from the date of this year’s annual meeting of stockholders, then the deadline is a reasonable time before we begin to print and send our proxy materials. All such proposals must comply with the requirements of Rule 14a-8 of Regulation 14A of the *Securities Exchange Act of 1934*, which sets forth specific requirements and limitations applicable to nominations and proposals at annual meetings of stockholders.

All stockholder proposals, notices and requests should be made in writing and sent via registered, certified or express mail to Manas Petroleum Corporation, Bahnhofstrasse 9, P.O. Box 155, CH-6341 Baar, Switzerland, Attention: Chairman of the Board of Directors.

Where You Can Find More Information

We file annual and other reports, proxy statements and other information with the United States Securities and Exchange Commission and certain Canadian securities regulatory authorities. The documents filed with the Securities and Exchange Commission are available to the public from the Securities and Exchange Commission’s website at www.sec.gov. The documents filed with the Canadian securities regulatory authorities are available at www.sedar.com.

Other Matters

Our board of directors does not intend to bring any other business before the annual meeting, and so far as is known to our board of directors, no matters are to be brought before the annual meeting except as specified in the notice of the annual meeting. If any other matters are properly brought before the annual meeting, it is the intention of the person named on the proxy to vote the shares represented by the proxy on such matters in accordance with his judgment.

The Committee may from time to time designate bona fide directors, officers, employees or consultants of the Company or a subsidiary of the Company, or a company that is wholly owned by a bona fide director, officer, employee or consultant of the Company or a subsidiary of the Company (the “**Participants**”) to whom options to purchase common shares of the Company (each, an “**Option**”) may be granted and the number of common shares to be optioned to each, provided that the total number of common shares to be optioned shall not exceed the number provided in Clauses 3 and 4 hereof. The Company shall ensure that Participants who are granted Options will be bona fide directors, officers, employees or consultants of the Company at the time of grant.

The Plan will at all times be subject to all legal requirements relating to the administration of stock option plans, if any, under applicable securities laws and the rules of any applicable stock exchange or stock quotation system (the “**Applicable Laws**”).

3. SHARES SUBJECT TO PLAN

Subject to adjustment as provided in Clause 12 hereof, the shares to be offered under the Plan shall consist of Options to acquire up to 34,500,000 common shares in the Company’s capital stock. The aggregate number of shares to be delivered upon the exercise of all Options granted under the Plan shall not exceed the maximum number of shares permitted under the rules of any stock exchange on which the common shares are then listed or other regulatory body having jurisdiction. If any Option granted hereunder shall expire or terminate for any reason without having been exercised in full, the unpurchased shares subject thereto shall again be available for the purpose of this Plan.

4. NUMBER OF OPTIONED SHARES

The number of shares subject to an Option to a Participant, other than a Consultant (as defined in the policies of the TSX Venture Exchange (the “**Exchange**”)) and an Employee (as defined in the policies of the Exchange) conducting Investor Relations Activities (as defined in the policies of the Exchange) shall be determined by the Committee, but no Participant, where the Company is listed on any stock exchange, shall be granted an Option which exceeds the maximum number of shares permitted under any stock exchange on which the common shares are then listed or other regulatory body having jurisdiction, which maximum number of shares is presently an amount equal to 5% of the then issued and outstanding shares of the Company (on a non-diluted basis) in any 12 month period unless the Company receives disinterested shareholder approval.

The maximum number of shares subject to an Option to a Participant who is a Consultant is presently limited to an amount equal to 2% of the then issued and outstanding shares of the Company (on a non-diluted basis) in any 12 month period.

The maximum number of shares subject to Options to all persons in aggregate who are employed to perform Investor Relations Activities is presently limited to an amount equal to 2% of the then issued and outstanding shares of the Company (on a non-diluted basis) in any 12 month period and such Options must vest in stages over a 12 month period with no more than 1/4 of the Options vesting in any 3 month period.

Other than the foregoing, the Committee, subject to the policies of the Exchange, may determine and impose terms upon which each Option shall become vested.

5. MAINTENANCE OF SUFFICIENT CAPITAL

The Company shall at times during the term of the Plan reserve and keep available such numbers of shares as will be sufficient to satisfy the requirements of the Plan.

6. PARTICIPATION

The Committee shall determine to whom Options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such Options shall be granted and the number of shares to be subject to each Option. An individual who has been granted an Option may, if the individual is otherwise eligible, and if permitted by any stock exchange on which the common shares are then listed or other regulatory body having jurisdiction, be granted an additional Option or Options if the Committee shall so determine.

7. EXERCISE PRICE

The exercise price of the shares covered by each Option shall be determined by the Committee. The exercise price shall not be less than the price permitted by any stock exchange on which the common shares are then listed or other regulatory body having jurisdiction. Currently, the minimum exercise price as determined by the Exchange is not less than the Discounted Market Price (as defined by the Exchange). In addition, the minimum exercise price of Options granted to the Participants who are subject to tax in the United States shall not be less than the fair market value of the shares covered by such Options on the date the Options are granted. The minimum exercise price cannot be established unless the Options are allocated to a particular Participant.

8. DURATION OF OPERATION

Each Option and all rights thereunder shall be expressed to expire on the date set out in the option agreements and shall be subject to earlier termination as provided in Clauses 10 and 11.

9. OPTION PERIOD, CONSIDERATION AND PAYMENT

- (a) The option period (the “**Option Period**”) shall be a period of time fixed by the Committee, not to exceed the maximum period permitted by any stock exchange on which the common shares are then listed or other regulatory body having jurisdiction, which maximum period is presently ten (10) years from the date the Option is granted, provided that the Option Period shall be reduced with respect to any Option as provided in Clauses 10 and 11 covering cessation as a director, officer, employee or consultant of the Company or a subsidiary of the Company or death of the Participant.
- (b) Except as set forth in Clauses 10 and 11, no Option may be exercised unless the Participant is, at the time of such exercise, a director, officer, employee or consultant of the Company or a subsidiary of the Company.

- (c) The exercise of any Option will be contingent upon receipt by the Company at its head office of a written notice of exercise, specifying the number of shares with respect to which the Option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such shares with respect to which the Option is exercised. No Participant or his legal representatives, legatees or distributees will be, or will be deemed to be, a holder of any shares subject to an Option under this Plan unless and until the certificates for such shares are issued to such persons under the terms of the Plan.
- (d) For greater certainty, an Option that had not become vested at the time that the relevant event referred to in Clause 10 or 11 occurred, shall not be or become vested or exercisable and shall be cancelled.

10. CEASING TO BE A DIRECTOR, OFFICER, EMPLOYEE OR CONSULTANT

If a Participant shall cease to be a director, officer, employee or consultant, as the case may be, of the Company or a subsidiary of the Company for any reason (other than death), he may, but only within 90 days after his ceasing to be a director, officer, employee or consultant, exercise his Option to the extent that he was entitled to exercise it at the date of such cessation provided that, in the case of a Participant who is engaged in Investor Relations Activity (as that term is defined in the policies of the Exchange) on behalf of the Company, this 90 day period referenced herein shall be shortened to 30 days.

Nothing contained in the Plan, nor in any Option granted pursuant to the Plan, shall as such confer upon any Participant any right with respect to continuance as a director, officer, employee or consultant of the Company or of any affiliate.

11. DEATH OF A PARTICIPANT

In the event of the death of a Participant, the Option previously granted to him shall be exercisable only within the 12 months next succeeding such death and then only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or the laws of descent and distribution; and
- (b) if and to the extent that he was entitled to exercise the Option at the date of his death.

12. ADJUSTMENTS

Appropriate and proportional adjustments in the exercise price of the Options and in the number of Options granted or to be granted may be made by the Committee in its discretion to give effect to adjustments in the number of common shares of the Company resulting from subdivisions, consolidations or reclassification of the common shares of the Company, the payment of stock dividends by the Company or other relevant changes in the capital of the Company.

13. TRANSFERABILITY

All benefits, rights and Options accruing to the Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein. During the lifetime of a Participant any benefits, rights and Options may only be exercised by the Participant.

14. SECURITIES REGULATION AND TAX WITHHOLDING

Common shares of the Company will not be issued with respect to an Option unless the exercise of such Option and the issuance and delivery of such shares comply with all Applicable Laws. The inability of the Company to obtain from any regulatory body the authority or approval deemed by the Company to be necessary for the lawful issuance and sale of any Options or shares under the Plan, or the unavailability of an exemption from

registration for the issuance and sale of any Options or shares under the Plan, will relieve the Company of any liability with respect to the non-issuance or sale of such Options or shares.

As a condition to the exercise of an Option, the Committee may require the Participant to represent and warrant in writing at the time of such exercise that the shares are being purchased only for investment and without any then-present intention to sell or distribute such shares. At the option of the Committee, a stop-transfer order against such shares may be placed on the stock books and records of the Company, and a legend indicating that the stock may not be pledged, sold or otherwise transferred unless an opinion of counsel is provided stating that such transfer is not in violation of any applicable law or regulation, may be stamped on the certificates representing such shares in order to assure an exemption from registration. The Committee may also require such other documentation as may from time to time be necessary to comply with applicable securities laws. **The Company has no obligation to undertake registration of Options or the common shares of the Company issuable upon the exercise of the Options.**

The Participant shall pay the Company by cash payment, certified cheque or bank draft, promptly upon exercise of an Option or, if later, the date that the amount of such obligations becomes determinable, all applicable federal, state, local and foreign withholding taxes that the Committee, in its discretion, determines to result upon exercise of an Option or from a transfer or other disposition of common shares of the Company acquired upon exercise of an Option or otherwise related to an Option or common shares of the Company acquired in connection with an Option. Upon approval of the Committee, a Participant may satisfy such obligations by complying with any other payment mechanism approved by the Committee from time to time.

The issuance, transfer or delivery of certificates of common shares of the Company pursuant to the exercise of Options may be delayed, at the discretion of the Committee, until the Committee is satisfied that the requirements of the applicable securities laws and the withholding provisions under Applicable Laws have been met and that the Participant has paid or otherwise satisfied any withholding tax obligation as described above.

15. HOLD PERIOD

Share certificates issued on exercise of an Option shall be legended in all cases as may be required by applicable securities laws and the rules of the Exchange.

16. AMENDMENT AND TERMINATION OF PLAN

The Committee may, at any time, suspend or terminate the Plan. The Board of Directors may, subject to such approvals as may be required under the rules of any stock exchange on which the common shares are then listed or other regulatory body having jurisdiction, also at any time amend or revise the terms of the Plan, PROVIDED that no such amendment or revision shall alter the terms of any Options theretofore granted under the Plan.

17. NECESSARY APPROVALS

The ability of the Options to be exercised and the obligation of the Company to issue and deliver shares in accordance with the Plan is subject to any approvals which may be required from the shareholders of the Company, any regulatory authority or stock exchange having jurisdiction over the securities of the Company. So long as it remains a policy of the Exchange and the common shares of the Company are listed on the Exchange, the Company shall obtain disinterested shareholder approval for:

- (a) the Plan, together with all of the Company's previously established and outstanding stock option plans or grants, that could result at any time in:
 - (i) the number of shares reserved for issuance under stock options granted to the Participant who is an insider of the Company exceeding 10% of the issued shares;

- (ii) the grant to the Participants who are insiders of the Company, within a 12 month period, of a number of options exceeding 10% of the issued shares; or
 - (iii) the issuance to any one Participant, within a 12 month period, of a number of shares exceeding 5% of the issued shares; or
- (b) any reduction in the exercise price of the Option if the Participant is an insider of the Company at the time of the proposed amendment.

If any shares cannot be issued to the Participant for whatever reason, the obligation of the Company to issue such shares shall terminate and any Option exercise price paid to the Company will be returned to the Participant.

Effective Date: September 22, 2011, as amended effective on ♦, 2014
